Pistoia

Luxury villa surrounded by Pistoia's hills

DESCRIPTION

In the heart of **Tuscany**, near the city of **Pistoia**, there is this splendid **luxury villa** with swimming pool for sale.

This **property for sale** enjoys an ideal position, bordering Chianti and surrounded by the lovely Tuscan countryside, halfway between Florence and Pisa. The fantastic and extremely well-kept park surrounding the property features an olive grove, a distinctive 1km trail, a lovely small lake with typical fish and a big recently-built swimming pool, making it the ideal place to cool down during hot summer days while enjoying the wonderful view over the green Tuscan hills.

This **architectural complex** was built in the 1970s on the ruins of 18th-century farmhouses which were renovated and used as part of the building. The outside of the estate features terraces and brick columns while part of the facade is in stone. The whole estate is in perfect harmony with its surrounding nature.

The 1,600 m2 internal surface of this property is spread over four levels. The estate features an elevator and has been furnished with a modern, linear and essential style, with a good balance of colours and spaces. Its large rooms are extremely airy and pleasantly bright, with exposed wooden

beams. On the whole, this **prestige villa** houses six comfortable bedrooms, two of which are suites, and all have their own private bathroom.

The property also includes a charming independent 90m2 outbuilding connected to the villa, a 100m2 garage with room for six cars, a storage building for agricultural vehicles, and a forecourt in front suitable for parking.

This **dream home** is conveniently located, close to the popular town centre of Montecatini, to high-quality sports centres and to refined thermal spas, but it is also in a quiet residential area, making it ideal for those who love privacy.

TECHNICAL DETAILS

LOCATION

The original core settlement of **Pistoia**, in **Tuscany**, was built on a type of floodplain formed by sediments from the Ombrone stream.

Though it did not yet exist at the time of Hannibal's invasion during the Second Punic War, the town, just a few kilometres from Florence, soon took on noteworthy importance, thanks to its position on the Via Cassia, used for thriving trades.

The fame of the Tuscan city of Pistoia was mainly due to the Government of the Lorraine family and still persists today: it is, in fact, a popular destination for its wellness, tranquility and quality of life, but also for its green landscapes and its wonderful **luxury villas** and **dream homes**, which are often of historical significance.
